

THE UFI RANGE FOR ASIAN VEHICLES

www.ufifilters.com

THE GROUP IN NUMBERS

1971

Founded in **1971**, it is a global leader in filtration technology.

10

10 areas of application: ranging from automotive (LV/HD), industry and hydraulics to special applications.

4.000

18 production plants and over **4000 employees** in **16 different countries** world-wide.

F1

Can be found everywhere from **Ferrari** racing cars to other **F1 racing teams** and the European spacecraft, **ExoMars**.

1°

It is one of the major suppliers of filtration systems in the **Original Equipment sector** and is a global leader in diesel filtration.

168

168 specialised technicians in its Innovation and Development Centres in Italy and China.

>200

Over 200 patents worldwide.

5%

5% of profits reinvested in **Research & Development**.

6

6 types of filter supplied: air, oil, fuel, cabin air, hydraulic and coolant.

>96%

Its contribution to the IAM, with over 2850 products, covers **over 96% of the vehicle fleet in Europe**.

THE ASIAN VEHICLE PARC

THE EUROPEAN MARKET

In the last decade, the focus of the distribution chain on the **Asian vehicle fleet** in Europe has **increased significantly**, hand in hand with the **market share held by vehicle manufacturers from the Far East**, which now stands at between **20% and 25%** of the total European car parc.

EUROPEAN COVERAGE

In addition, recent market studies demonstrate that this segment is particularly likely to turn to the independent market for servicing, with **the IAM (Independent Aftermarket) channel holding a market share of between 75% and 80%** for cars over 4 years of age.

AM CHANNEL FOR ASIAN CARS

UFI FILTERS, "ONE-STOP-SHOP"

The UFI Filters aftermarket range includes **all of the new OE products** for the Asian vehicles, offering **complete coverage across all product families**, in line with OE specifications.

For distributors, the ability to turn to UFI Filters for products for the Asian vehicle segment is an essential benefit.

**UFI IS THE OE SUPPLIER WITH
A GLOBAL MARKET SHARE OF 20% IN NISSAN AND
30% IN HYUNDAI, HOLDING ALMOST
THE ENTIRE MARKET SHARE FOR SUZUKI.**
